| <b>Pink for Eremophila</b>  |                 |                 |                      |   |
| <b>R - Red for Acacia, Banksia, Callistemon Eucalyptus, Grevillea, Hakea, Leptospermum and Melaleuca.</b> |                 |                 |                      |   |
| <b>GENUS</b>  | <b>Species</b>  | <b>Col Code</b> | <b>CommonName</b>    | <b>Description</b>  |
| Acacia  | aphylla         | R               |                      | Unusual leafless wattle to 3m x 2m. Well drained soil. Full sun. Pale yellow flowers.   |
| Acacia  | binervia        | R               | Coast Myall Wattle   | Adaptable, small tree with rod-like yellow flowers in spring. H&W 5-8m. Sunny position in well drained soils. Drought and frost tolerant. Attracts wildlife. Good for erosion control.  |
| Acacia  | boormanii       | R               | Snowy River Wattle   | Small tree with bright yellow flowers in late W-Sp. H to 4m. Tolerates most well-drained soils. Prune for bushiness. Spectacular when in flower. Tends to sucker.                       |
| Acacia  | implexa         | R               | Hickory Wattle       | Upright to spreading tall shrub, pale yellow flowers in Sum. H8m x W7m. Full/Pt-sun or dappled shade. Well drained soils. Useful as a windbreak, shelter or shade.                      |
| Acacia  | jibberdingensis | R               | Willow-Leafed Wattle | Unusual, erect, slender-branching shrub to 3 m. with long, narrow phyllodes to 20 cm and bright yellow, perfumed flowers in Aut-W. Well drained sandy loam soils. Frost hardy.          |
| Acacia  | melanoxyton     | R               | Blackwood            | Tree with cream to pale yellow gobular flowers in Sp. H8-12m x W6-8m. F-sun/Pt-shade. Moist well drained soils. Long lived. Frost tolerant. Leaves suitable as a dyeing material.       |
| Acacia  | pycnantha       | R               | Golden Wattle        | Floral emblem of Australia. Bright, golden flower-balls late W-Sp. H5-8m x W3-5m. Sun/Pt-sh. Most well-drained soils. Withstands dry periods.   |
| Acacia  | rupicola        | R               |                      | H1.2-2.5m. Cream flower in spring.  |
| Acacia  | suaveolens      | R               | Sweet Wattle         | Open-branched shrub with fragrant pale-yellow terminal flowers Aut-W-Sp. H1.5-2.5 x W1.5-3m. Sun/Pt-shade and well drained soil. Withstand dry period. Responds to pruning.             |
| Acacia  | williamsonii    | R               | Whirrakee wattle     | Medium story plant with profuse bright yellow flowers in W-Spr. H1-1.5m x W1.5-2m. Sun/Pt-shade. All soils. Withstands dry periods.   |
| Adenanthos  | sericeus        | P               | Woolly Bush          | Attractive bush with soft, grey-green foliage and small red flowers Sp-Sum. H2-3m x W1.5-3m. Well drained sandy/loam soil. Suits coastal garden. Prune to shape. Attracts birds.        |
| Agonis  | flexuosa        | P               | Willow Myrtle        | Attractive tree with pendulous habit and small white flowers Sp. H8-10m x W5-10m. Sun/Pt-sh. Most soils. Withstands heavy pruning. Foliage and bark make excellent dying material.      |
| Agonis  | flexuosa        | P               | Willow Myrtle        | Weeping tree with pink new growth. 1cm dia white flowers Sep-Dec.H8-10m x W5-10m FullSun - Pt-Sh. Most soils. Withstands heavy pruning. Foliage and bark make excellent dying material. |

|               |                           |   |                        |  |
|---------------|---------------------------|---|------------------------|--|
| Allocasuarina | cunninghamiana            | P | River She-oak          | Slow growing tree with straight trunk and foliage growing to ground level. Useful for preventing soil erosion.   |
| Allocasuarina | littoralis                | P | Black She-oak          | Hardy tree with slender foliage and deeply furrowed bark. Small male and female flowers on separate trees. H8-12m x W4-7m. Sun/Pt-sh. Most well drained soils. Excellent wind break.                   |
| Alyogyne      | 'Blue Heeler'             | Y | Native Hibiscus        | Small shrub with mauve to purple flowers Sp-Sum. H0.5-0.7m x W0.8-1.0m. Sun/light shade. All well drained soils. Attracts bees, butterflies and other insects.   |
| Alyogyne      | huegelii (white flowers)  | P | White Hibiscus         | Hardy shrub with white flowers Sp-Aut. H2.5mx W2.5m. Full sun/Pt-shade. Well drained sandy loam soils. Prune after flowering to maintain shape. Attracts insects.                                      |
| Alyogyne      | huegelii 'West Coast Gem' | P | Purple Hibiscus        | Hardy, bushy shrub with blue flowers Sp-Aut. H2.5mx W2.5m. Full sun/Pt-shade. Well drained sandy loam soils. Prune after flowering to maintain shape. Attracts insects.                                |
| Amperea       | xiphoclada                | Y | Broom Spurge           | Hardy, erect, dwarf shrub with flowers borne at the nodes in very small cream clusters in Sp-S. H0.5-1m x W0.5m. Most light soils. Suitable for rockeries.   |
| Anigozanthos  | 'Big Red'                 | B | Kangaroo Paw           | Plant with great garden performance. Red flowers late Sp - S. H1-1.3m. Sun/Pt-sh. Most soils. Cut to ground level in Aut; feed in Aut & Sp. Protect from snails. Attracts birds.                       |
| Anigozanthos  | Yellow Gem                | B | Kangaroo Paw           | Tall tough plant with great garden performance. Vibrant bicolor yellow flowers with red stems in late Sp - S. H1m xW1m. Protect from snails.   |
| Aphanopetalum | resinosum                 | O | Gum Vine               | Light to med climber with profuse small green/white flowers in Sp. Most soils. Sun to Pt Shade. Hardy in most situations. Also good as a ground Rambler.   |
| Arthropodium  | milleflorum               | B | Pale Vanilla Lily      | Grass-like plant with numerous small, vanilla-scented pale mauve flowers on branched stems to 80cm tall late Sp-S. H20-40cm x W30-50cm. Sun/Pt-shade. Well drained position.                           |
| Atriplex      | rhagodioides              | P | Silver Saltbush        | Hardy, dense, spreading shrub with silvery-grey foliage and insignificant flowers. H1-2m xW2m. All soils in sunny position. Very low water requirement. Drought and salt tolerant.                     |
| Austromyrtus  | dulcis                    | Y | Midgen Berry           | Hardy, shrub with showy, pinkish-bronze new leaves; small white flowers in Sp-S. followed by edible berries. H0.5m x W1-1.5m. Sun/Pt-shade. Tip-prune. Attracts birds and insects.                     |
| Austrostipa   | mollis                    | B | Soft Speargrass        | Perennial grass with soft white-golden stems in Sp.. H30cm stems to 1.2m. Fsun/semi-sh. Most soils. Suitable for shrubland, coastal dunes. Prune hard in W for new growth. Attracts seed-eating birds. |
| Austrostipa   | rudis                     | B | Veined Speargrass      | Spreading, tufted perennial grass. H30cm with stems to 1.5m. Suitable for rocky soils, grassland. Cut back hard in winter to promote new growth. Attracts seed-eating birds.                           |
| Backhousia    | citriodora                | P | Lemon-scented Myrtle   | Tree with profuse cream flowers in Sp. H4-6m. Sun/Pt-shade; moist, well drained soils. Lemon scented leaves can be used as an infusion and for flavouring dishes. Tip prune.                           |
| Baeckea       | imbricata                 | Y | Spindly Baeckea        | Small shrub with small white flowers mainly in Sp. H0.7-1m x W0.8-1.2m Sun/Pt-shade. Sandy/loam soils. Prune to promote bushiness.   |
| Baloskion     | tetraphyllum              | B | Swamp Foxtails         | Soft, grass-like clump-forming rush. H1-1.5m x W0.4-1m. Flower turns brown in Sp-Sum. Most soils. Suitable for watercourses, ponds, bog gardens, containers and flower arrangements.                   |
| Banksia       | spinulosa                 | R | Hairpin Banksia        | Shrub with yellow to honey-coloured flower heads with black to dark-red styles in Aut-W. H2.5-4.5m x W2-4m. Hardy in drained acidic soils. F-sun/Pt-shade. Attracts birds.                             |
| Bauera        | rubroides (white flower)  | Y | Dog Rose or River Rose | Hardy, many branched shrub with white flowers for most of year. H1.5m x W2m. Prefers semi shade in most soils.   |

|                |                                 |     |                           |  |
|----------------|---------------------------------|-----|---------------------------|--|
| Bauera         | rubioides 'Candy Stripe'        | Y   | Dog Rose or River Rose    | Scrambling shrub with white/pink striped flowers most of the year. H0.5-0.8m x W 1.5m. Part shade. All soils. Frost tolerant.  |
| Beaufortia     | sparsa (red flower)             | P   | Gravel bottlebrush        | Bush with red bottle brush flowers Dec-April. H1.3-2m x W0.8-1.5m. Well drained soil in sunny position. Prune behind flower heads to promote growth. Attracts birds                  |
| Boronia        | megastigma 'Lutea'              | Y   | Brown Boronia             | Small shrub with abundant lime to soft yellow-bell shaped flowers late W-Sp. H0.5-1m x W0.5-0.7m. Dappled shade and cool, moist and well-drained soil. Light prune beneficial.       |
| Brachychiton   | rupestris                       | P   | Bottle Tree               | Slow-growing, interesting, feature tree with stout bottle-like trunk and yellow flowers Sp/Sum. H4-5m x W1.5-2.5m. Sun/Pt-shade. Most soils. Withstands wet and dry periods.         |
| Brachyscome    | multifida (mauve flower)        | O/Y | Cut-Leaf Daisy            | Attractive, long flowering, small plant with mauve flowers late W-Aut. H20cm x W50cm. Sun/Pt-shade. Most soils. A light prune and feed promotes flowering.                           |
| Brachyscome    | multifida (purple flower)       | O/Y | Cut-Leaf Daisy            | Hardy, attractive, long flowering plant with purple flowers from Aug-May.H0.2m x W0.5m. Sun/Pt-hade. Most soils. Prune to promote flowering.   |
| Brachyscome    | multifida (white flower)        | O/Y | Cut-Leaf Daisy            | Attractive, long flowering small plant with white flowers Aug - May. 20cm x 50cm. Sun/Pt-shade. Most soils. Prune to promote flowering.  |
| Brachyscome    | tadgellii                       | O/Y |                           | Clumping alpine herb with white daisies, Sp-Aut. H& W 0.15-0.2m. Sun /Pt-Shade deadhead after flowering. Moist soils. Suitable for containers. Victorian endemic. Status: vulnerable |
| Callistemon    | 'Hannah's Child'                | R   |                           | Striking shrub with bright green new foliage and brilliant red bottlebrush flowers in Sp. H 5-7m x W 3-5m. Full sun. Prune to maintain shape. Frost tolerant. Bird attracting.       |
| Callistemon    | subulatus                       | R   |                           | Compact, hardy, slightly pendulous shrub with crimson flower-spikes mainly in late Sp-S. H1-1.4m x W1.5-2m. Sun/Pt-shade. Most soils. Prune after flowering. Bird attracting.        |
| Callistemon    | viminalis 'Hannah Ray'          | R   | Weeping Bottlebrush       | Hardy, small weeping tree with bright pink new growth and large crimson brushes Sp-S. H4-6m x W3-5m. Sun/Pt-sh. Moist well drained soils. Prune after flowering. Bird attracting.    |
| Calothamnus    | gilesii                         | P   | Net Bush                  | Hardy, erect to spreading shrub with red flower-spikes in small groups in late Sp-S. H2-4m. Sun/Pt-shade. Most soil types. Suitable as windbreak or screen plant. Attracts birds.    |
| Calothamnus    | pinifolius                      | Y   | Dense Claw Flower         | Dense, prickly shrub with clusters of red flowers in W/Sp. H x W 1-1.5m. Sunny position. Hardy and frost tolerant. Suitable as coastal plant. Attracts birds.                        |
| Calothamnus    | quadrifidus (red fl, prostrate) | Y   | Common Net Bush           | Compact shrub with red flowers as a one-sided spike in Sp. H0.8 x W2m. Sun/Pt-shade. Responds to pruning. Attracts birds.  |
| Calothamnus    | sanguineus                      | P   | Silky-leaved Blood Flower | Shrub with bright red claw-like flowers in S. H & W to 2m. Full sun. Well drained soils. Withstands dry periods once established. Responds to light pruning. Attracts birds.         |
| Calytrix       | glutinosa                       | Y   | Sticky Star Flower        | Erect to spreading shrub with lilac to light-purple flowers from Oct to Dec. H0.5 -1m. x W1.0 -1.5m. Sun/Pt-shade. All well drained soils. Responds well to light pruning.           |
| Carpobrotus    | modestus                        | O   | Inland Pigface            | Creeping groundcover with succulent leaves. Large purplish pink flowers throughout the year. W2.0-3.0m. Full sun. Sandy soils. Withstands extended dry periods.                      |
| Chorizema      | ilicifolium                     | Y   | Holly Flame Pea           | Small shrub/semi climber with holly-like leaves and multi-coloured orange, red, & yellow pea flowers Sp-S. H1m x W1m. Prefers part shade and well drained soil.                      |
| Chrysocephalum | apiculatum                      | O/Y | Yellow buttons            | Evergreen, spreading perennial. Golden/yellow button flowers. Prefers sunny, moist but well drained position. Trim after flowering.  |
| Correa         | lawrenciana (pink/red flower)   | P   | Mountain Correa           | Tall shrub to small tree with pinkish-red, tubular, bell flowers in W-Sp. H2.5-4m x W1.5-3 m. Part/full shade. Most soils. Prune lightly to maintain compactness. Bird attracting    |

|            |  |      |                        |   |
|------------|--|------|------------------------|---|
| Correa     | lawrenciana var. cordifolia (pink)                 | P    | Pink Mountain Correa   | Medium shrub with pink tubular flowers, W - Spr. H2.5 m x W2.0m. Full-sun/Pt-shade. Moist soils. Prune to create bushiness. Bird attracting.  |
| Correa     | reflexa (Indig to Gardens' Bushland)               | Y    | Common Correa          | Hardy, variable shrub with red or green tubular flowers. H1m x W1m. Sun/Pt-shade. Prune to create bushiness. Bird attracting.   |
| Correa     | reflexa (red or green flower) Indigenous to garden | Y    | Common Correa          | Hardy, variable shrub with red tubular flowers. H1m x W1m. Sun/Pt-shade. Prune to create bushiness. Bird attracting.  |
| Crowea     | exalata (compact purple)                           | Y    |                        | Small compact shrub with purple waxy flowers, Autumn -Winter. H 0.5m-W1.0m. Full sun to light shade. Light clay to sandy soils. Prune lightly. Frost hardy.                                 |
| Crowea     | exalata 'Southern Stars'                           | Y    | Small Crowea           | Shrub with masses of deep-pink flowers in Sum-Aut. H&W60cm. Sun/Pt-shade in moist, well-drained soil. Lightly prune after flowering.  |
| Crowea     | saligna  | Y    | Willow Leaved Crowea   | Semi hardy, shrub with waxy, pink star-like flowers Sum-W. H&W 1m. Pt-shade. Well-drained sand or loam soils. Trim beneficial.  |
| Dampiera   | altissima  | Y    | Tall Dampiera          | Small shrub with dark blue flowers, W-Sp. H0.4 m x W1.0m. Full sun. Well , limestone soils. Tolerates light to medium frosts. Suitable for container and coastal areas.                     |
| Dampiera   | linearis Royal Purple                              | O    |                        | Suckering groundcover H10-30cm x W0.6-1.2m. Dark blue flowers in Sp-S. Good container plant. Hardy. Sun to Pt Shade. Well drained soil.   |
| Dampiera   | teres  | O/Y  | Terete-leaved Dampiera | Shrub with mauve-blue flowers in Spring. H0.3-0.5m x W0.5-1m. Full sun. Well drained soils. Pruning promotes bushy growth. Suitable as container plant. Attracts butterflies.               |
| Darwinia   | citriodora   | Y    | Lemon Scented Darwinia | Hardy plant with orange, red & green flowers mainly Sp-S. Foliage has spicy aroma. H1.5m x W1.5m. Sun/Pt-shade. Responds well to pruning. Attracts birds.                                   |
| Darwinia   | diosmoides   | Y    |                        | Small, bushy shrub with aromatic foliage and pinkish-white flowers Sp-S. H1.0-1.5m x W1.5m. Full-sun/Pt-shade. Sandy soils with good drainage. Attracts birds.                              |
| Darwinia   | purpurea   | Y    |                        | Dwarf, spreading shrub with crimson to dark purplish red terminal flowers 2cm across. Well drained, warm to hot full sun or dappled shade location. Attracts birds.                         |
| Dichondra  | repens   | O    | Kidney Weed            | Ground-hugging herb with insignificant small creamy-green flowers,Sp-Sum. Mat-W1-2m. All positions & all moist well drained soils & dry periods. Use as a lawn alternative with low traffic |
| Dillwynia  | glaberrima   | Y    | Smooth Parrot-pea      | Shrub with erect branches and yellow with red pea-flowers in Sp. H1-1.5m x W1.2m. Sun/Pt-shade. Well drained soils. Frost tolerant.   |
| Diplarrena | moreoa   | B    | Butterfly Flag         | Upright, clump forming plant with fragrant white flowers with violet centre in spring. H0.6m x W0.5-1m. Sun/Pt-shade. Suitable for bog gardens, rockeries, and pots.                        |
| Dodonaea   | sinuolata  | P    | Hop Bush               | Med shrub with attractive foliage and colourful red fruits Aut-Sp. H1.5-2m x W1.8-2.5m. Full/Pt-sunny position. Most well drained soils. Prune to maintain shape.                           |
| Eremophila | adenotricha  | Pink | Spotted Emu Bush       | Attractive bush with pink flowers with spotted throat in Sp-W. H1.5 x W1.0m. Full sun. Tolerates most soils. Lightly prune to shape. Attracts birds.  |
| Eremophila | alternifolia x purpurascens                        | Pink |                        | Erect shrub with pink to red tubular flowers in Winter-Spring. H2m x W1m. Warm sunny and dry position with good drainage. Light prune beneficial. Attracts birds and insects.               |
| Eremophila | bignoniiflora x polyclada                          | Pink | Poverty Bush           | Rounded shrub, flowers pink with darker spots in throat Sp-A. H2m xW2m. Sunny position in well-drained soil. Grows naturally in arid areas of Australia. Attracts butterflies.              |
| Eremophila | biserrata  | Pink |                        | Variable shrub with pink flowers from late winter to early summer. H0.3-2m x W0.3-1.5m. Full sun. All well drained soils. Prune for good shape. Attracts insects.                           |

|            |                                    |      |                      |   |
|------------|------------------------------------|------|----------------------|---|
| Eremophila | brevifolia                         | Pink | Spreading Eremophila | Groundcover eremophila with green/red flowers in Spring /Summer. H0.1 x W to 2m. Full sun. Tolerates most soils. Attracts birds.  |
| Eremophila | calorhabdos x denticulata          | Pink |                      | Small shrub H&W 0.8-1m. Red flowers with orange throat in Spring and Summer. Prefers full sun. Well drained soils. Prune to shape. Bird attracting.                                     |
| Eremophila | decipiens ssp linearfolia          | Pink | Lake King Eremophila | Low spreading shrub with yellow buds preceding orange-red flowers in Sp. H0.15m x W2.5m. Warm dry sunny position. Good drainage. Light prune beneficial. Attracts birds.                |
| Eremophila | dichroantha                        | Pink |                      | Medium shrub with white flowers in Spring. H1-1.25m x W1.5m. Full/filtered sun. Well drained soil. Benefits from regular tip pruning. Attracts insects.                                 |
| Eremophila | drummondii x nivea 'Eyre Princess' | Pink |                      | Open shrub with dense foliage and small, blue-purple flowers in Sp-Sum. H to 40cm. Likes sunny, well-drained position. Suitable for warm rockery. Attracts insects.                     |
| Eremophila | drummondii x rotundifolia          | Pink |                      | Low growing, spreading shrub. H0.6-1.0m x W1.5-2.0m. Orange-red flowers in Sp. to early Aut. Full sun to dappled shade. Well-drained soils. Prune to promote growth. Attracts birds.    |
| Eremophila | glabra (red flowers)               | Pink |                      | Large shrub with pink flowers in spring H 5.0m x W 2.0m. Full sun. All soils . Prune to keep compact. Stunning feature plant. Attracts birds and insects.                               |
| Eremophila | glabra 'Ceduna'                    | Pink |                      | Upright, long-flowering shrub with bright purple flowers in spring. H1-1.5m x W1.5-1.8m. Filtered - full sun. Well drained soil. Prune after flowering to keep compact. Attracts birds. |
| Eremophila | maculata (silver hybrid form)      | Pink |                      | Attractive, grey-green foliaged shrub with mauve flowers in spring. H1.0-2m x W1.0- 2.0m. Sun. All well drained soils. Lightly prune to promote bushiness. Attracts insects.            |
| Eremophila | maculata x racemosa                | Pink |                      | Low, spreading shrub with yellow-green flowers in Spring/Summer. H0.3m x W1.0-1.5m. Full sun in well drained soil. Light prune beneficial. Attracts birds.                              |
| Eremophila | oppositifolia                      | Pink |                      | Rounded shrub to H3m x W2m. Flowers are green, pink, or lilac in Sp- early S. Warm dry sunny position. Good drainage.   |
| Eremophila | pantonii                           | Pink |                      | An erect shrub with pink flowers, March-October. H0.6-0.8m x W1.0 -2.0m. Full - part sun. Most soils. Prune after flowering. Suitable for containers. Attracts birds.                   |
| Eremophila | 'Pink Pantha'                      | Pink |                      | Very attractive, dense, upright shrub with orange/yellow buds opening to pink flowers W/Sp. H2.0 m x W2.5m. All well drained soils. Prune to promote dense growth. Attracts birds.      |
| Eremophila | polyclada                          | Pink |                      | Rounded shrub with lemon flowers in spring/early summer. H3.0m x W2.0m. Warm dry sunny position with good drainage. Pruning beneficial. Attracts birds.                                 |
| Eremophila | serpens                            | Pink |                      | Small shrub with heath like foliage and blue flowers, Sept- Nov. H0.8-1.5 X W1.0-1.5m. Sun. Wide range of soils. Hardy to most frosts and extended dry periods. Attracts birds.         |
| Eucalyptus | caesia ssp magna 'Silver Princess' | R    |                      | Beautiful, slender, weeping tree with greyish stems and large pink flowers mainly in W-Sp. H6-8m x W4-6m. Full sun. Good drainage. Well drained sandy/loam soils. Attracts birds.       |
| Eucalyptus | erythrocorysa                      | R    |                      | Small tree with red capped buds and yellow flowers in Summer. H5-7m x W4-5m. Smooth grey trunk. Full sun. Well drained soil.  |
| Eucalyptus | erythrononema                      | R    | Red-flowered Mallee  | Smooth, whitish trunk; glossy, deep green leaves and profuse red flowers in Sp-S. H4-6m x W3-5m. Taller with age. F/sun. Well drained soils. Withstands dry periods. Attracts birds.    |
| Eucalyptus | lansdowniana                       | R    |                      | Small tree with red and pinkish flowers W-Sp. Ideal for coast. H4-8m x W4-6m. Tolerates dry conditions. Sunny position.   |
| Eucalyptus | leucoxyton 'Rosea'                 | R    | Yellow Gum           | Hardy tree with smooth upper branches. Flowers variable - pink, red or cream over a long period peaking in W-Sp. H6-8 x W4-6m. Taller with age. F/sun. Most soils. Attracts birds.      |

|               |                           |     |                            |   |
|---------------|---------------------------|-----|----------------------------|---|
| Eucalyptus    | orbifolia                 | R   | Round Leaved Mallee        | Creamy-white flowers W-Sp. Bark reddish-brown peeling continuously in fine, outward curls exposing paler bark. H6m x W3-5m. F/sun. Well drained soil. Tolerates dry conditions.               |
| Eucalyptus    | pauciflora ssp pauciflora | R   | Snow Gum                   | Hardy; smooth, often crooked trunks with cream/pink/orange/green patterns on bark and shiny, blue-green leaves. White flowers in Sp-S. H6-8m x W4-6m. Sun. Moist well drained soil.           |
| Eucalyptus    | petiolaris                | R   | Eyre Peninsula Blue Gum    | Fast growing tree with multiple stems on the trunk, with cream/pink/red flowers. H 8-12m x W 5-9m. Spr- Sum. Full sun. All soils. Attracts nectar feeding birds and insects.                  |
| Eucalyptus    | polyanthemus              | R   |                            | <u>Small to med tree with fibrous bark on lower trunk and egg-shaped or almost round adult leaves, white flowers</u>  |
| Ficinia       | nodosa                    | B   | Knobby Club Rush           | A sedge with tight ball-like, brown flower heads. H0.5-1m x W1m. Sun/Pt-shade. Likes winter moisture and/or sandy, swampy areas. Drought and frost tolerant.                                  |
| Geranium      | solanderi                 | O   | Crane's Bill               | Open creeping perennial herb with small pink flowers in Sp-Sum. H30cm x W0.5-1m. Sun/Pt-shade. Most soils - copes with wet. Seed germinates readily.  |
| Goodenia      | humilis                   | O   | Swamp Goodenia             | Moisture loving ground cover. Yellow flowers Sp-Aut. Grows to dense mat 1-1.5m wide. Suitable around ponds, dams and other damp positions.  |
| Goodenia      | macmillanii               | O   | Pinnate Goodenia           | Quick growing, small groundcover with attractive, fragrant, pink flowers late Sp-S. H50cm x W0.8-2m. Sun/Pt-shade. Sandy to loam soils. Prune after flowering. Attracts butterflies.          |
| Goodenia      | ovata                     | Y   | Hop Goodenia               | Quick growing shrub with abundant, yellow flowers Sp-S. H&W 1-1.5m. Sun/Pt-shade. Most soils. Prune when young. Good filler plant. Attracts insects.  |
| Goodenia      | ovata (prostrate form)    | O/Y | Hop Goodenia               | Self-layering ground cover with abundant yellow flowers in Sp-S. H0.2-0.4m x W1.3-2.5m. Sun/Pt-sh. in most soils. Useful in a range of difficult situations. Good filler plant.               |
| Goodenia      | ovata Prostrate           | O   |                            | Adaptable self layering ground cover with yellow flowers in Sp-S. Useful in a range of difficult situations. H0.2-0.4m x W1.3-2.5m.   |
| Graptophyllum | excelsum                  | P   | Scarlet Fuchsia            | Large shrub with masses of scarlet flowers late W to early Sp. H3m x W2m. Full sun/Lt-shade. Well drained alkaline soil. Benefits from pruning. Bird attracting.                              |
| Grevillea     | aquifolium                | R   | Variable Prickly Grevillea | Medium-hardy shrub with holly shaped leaves and red with green toothbrush flowers in Sp-S. H1-1.6m x W1.5-2m. Sun/Pt shade. Most well drained soils. Attracts birds.                          |
| Grevillea     | baueri ssp                | R   |                            | Evergreen hardy shrub. H1m x W1m. Red and white flowers in late Winter /Spring. Well drained soils. Tolerates dry periods. Prune early summer. Attracts birds. Frost tolerates                |
| Grevillea     | Canterbury Gold           | R   |                            | Dense low spreading shrub with bunches of gold flowers most of the year.H1.0-1.5m x W2.0-3.0m. Most well drained soils.Sun/light shade.Prune lightly, good hedging. Good in large containers. |
| Grevillea     | Clearview David           | R   |                            | Showy erect medium shrub with rose red flowers in winter and spring. H 2.5m x W 2.0-4.0m. Full sun. Well drained soils. Bird attracting.  |
| Grevillea     | curviloba                 | R   | Grevillea Flat Jack        | Small, spreading shrub with profuse, fragrant creamy flowers late W-Sp. H1.5m x W2-3m. Sun/Pt-shade. Most soils. Responds to pruning.   |
| Grevillea     | endlicheriana             | R   | Spindly Grevillea          | Hardy, erect shrub with cream/pink/red flowers on wispy stems above foliage. H2m xW2m. Sunny position. Most soils. Attracts birds.  |
| Grevillea     | filoba 'Ellendale Pool'   | R   |                            | Shrub with pendant clusters of well displayed, light red flowers in W-Sp. H1-2m x W1.5m. Sunny, well drained position. Pruning beneficial. Frost tolerant. Attract birds                      |

|              |                               |     |                             |   |
|--------------|-------------------------------|-----|-----------------------------|---|
| Grevillea    | flexuosa                      | R   | Zig Zag Grevillea           | Med open shrub with dense, cream flowers on candle-like spikes Sp-Sum. H2m x W2m. F-sun/Pt-sh. Well-drained sandy/loam soil. Tip prune to promote bushiness. Attracts birds.        |
| Grevillea    | Flora Mason                   | R   |                             | Vigorous hybrid with masses of lemon, apricot, and soft pink flowers with a soft greenish gold foliage mid A-late Sp. Full sun or PtShade. Bird attracting.                         |
| Grevillea    | iaspicula                     | R   | Wee Jasper Grevillea        | Attractive shrub with red and cream flowers in terminal clusters from Aut-Sp. H1.5m x W2m. Sun/Pt-shade in most well drained soils. Responds well to pruning. Attracts birds.       |
| Grevillea    | lanigera                      | R   | Woolly Grevillea            | Variable species with pink and cream flowers late Autumn to Spring. H & W1m. Sun/Pt-shade. Most soils. Good Container or rockery plant. Attracts birds.                             |
| Grevillea    | olivacea (yellow flower)      | R   | Olive Grevillea             | Erect, dense shrub with yellow flowers W-Sp. - often longer. H&W3m. Sun/Pt-shade. Good drainage. Prune after flowering. Attracts birds and native bees.                             |
| Grevillea    | pinaster                      | R   |                             | Dense shrub with clusters of scarlet flowers from Aut-Sp. H1.5-2m x W2-2.5m. Full or filtered sun. Dry to semi-moist position. Bird attracting.                                     |
| Grevillea    | 'Winparra Gem'                | R   |                             | Fast-growing, upright grevillea with crimson flowers throughout the year. H&W2m. F-sun/Pt-shade in most, well drained soils. Benefits light prune. Bird attracting.                 |
| Grevillea    | x olivacea Border Red         | R   |                             | Dense and bushy native shrub growing 3m tall x 3m wide. Masses of attractive <b>red</b> flowers during winter and spring attracts nectar feeding birds and native                   |
| Guichenotia  | ledifolia                     | Y   |                             | Semi-hardy, narrow-leaved shrub with cluster of small pink flowers in W-Sp. H0.8-1.0m x W1-1.5m. Sun/Part-shade. Moist but well drained sandy-loam soils.                           |
| Hakea        | bucculenta                    | R   | Red Pokers                  | A hakea with erect spikes of red flowers on older wood in W/Sp. H2.5-4m x W2.0 -3.0m. Full sun. Well drained sandy/loam soil. Tip prune. Withstands dry periods. Attracts birds.    |
| Hakea        | trineura                      | R   |                             | Attractive shrub to 4m with yellow/green flowers late winter.Part to deep shade. Well drained to poorly drained soils.  |
| Hakea        | verrucosa                     | R   | Warty-fruited Hakea         | A versatile and most attractive species with creamy-pink flowers ageing to pinkish-red in winter. H1.5m x W2-3m. Full-sun/Pt-shade position. Well drained soils. Attracts birds.    |
| Halgania     | cyanea                        | O/Y | Rough Halgania              | Hardy plant in most situations - may sucker lightly. Deep blue flowers in Sp-S. H20-30cm x W30-60cm. Sun/Pt-Shade. Most soils. Attracts bees.                                       |
| Hardenbergia | violacea (purple flower)      | O   | False Sarsaparilla          | Medium vigorous climber with sprays of purple pea-flowers in W-Sp. Will tolerate full sun but does better in light shade. Most well drained soils. Attracts bees and butterflies.   |
| Hibbertia    | serrata (sun shine)           | Y   | Serrated-leaf Guinea Flower | Slender, dwarf shrub H0.5-1.5m x W0.2-0.5m with bright yellow flowers Sp-S. Protected position with dappled shade. Well drained, moist soils.                                       |
| Hibbertia    | vestita                       | Y   | Hairy Guinea Flower         | Hardy, small shrub with bright golden flowers Spr-S. H0.3m x W0.4 -0.6m. Full sun/Part-shade. Moist well drained soils. Suitable for containers and hanging baskets.                |
| Hibiscus     | heterophyllus 'Lutea'         | P   | Native Rosella              | Fast growing shrub with large yellow flowers in S-Aut. H&W3-4m. Sun/Pt-sh. Tip prune when young then hard prune. Most well drained soils. Tolerates light frost. Attracts insects.  |
| Hibiscus     | hetrophyllus (apricot flower) | P   | Native Rosella              | Fast growing shrub with large apricot flowers in S-Aut. H&W3-4m. Sun/Pt-shade and well drained soil. Tip prune when young then hard prune. Tolerates light frost. Attracts insects. |
| Homoranthus  | papillatus                    | Y   | Mouse & Honey Plant         | Hardy, spreading shrub with horizontal branches and small, strongly scented yellow flowers in Sp. H70cm-1m X W1.2-1.6m. Sun/Pt-shade. Most soil types. Withstands dry periods.      |
| Hypocalymma  | angustifolium (compact)       | Y   | White Myrtle                | Soft, rounded shrub with profuse white flowers ageing to pinkish-red late W-Sp. H0.5-1m x W1-1.5m. Sun/Pt-shade. Prune to maintain bushiness. Withstands dry periods. Most soils.   |

|              |                                |     |                        |   |
|--------------|--------------------------------|-----|------------------------|---|
| Isopogon     | formosus                       | P   | Rose Cone Flower       | Shrub with 5cm across, rose/pink flowerheads mainly in Sp. Full sun. Prefers well drained, sandy soil. Excellent cut flower. Bird attracting.   |
| Kennedia     | prostrata                      | O   | Running Postman        | Quick growing groundcover with red pea flowers in W-Sp. H10-20cm x W1-3m. Sun/Pt-sh. Most well drained soils. Withstands dry periods. Sometimes short-lived.                                    |
| Kunzea       | ericifolia                     | P   | Spearwood              | Medium to tall shrub with cream to yellow flowers in Aug to Dec. H 2-4m x W1.5m-3m. Sun. Well drained light/medium soils. Regular pruning. Hardy to frosts. Good hedging plant.                 |
| Kunzea       | pomifera                       | O   | Muntries               | Hardy groundcover with white flowers in spring followed by edible, purplish, fleshy fruits. H10-30cm x W2m. Sun/Pt-shade in most well drained soils. Withstands dry periods.                    |
| Lechenaultia | biloba (sky blue flowers)      | O/Y | Blue Lechenaultia      | Small shrub with sky blue flowers in Sp. H0.3m x W0.3m. Full sun. Treat as annual but may survive a few years. Drained soils. Best in pots. Prune to promote growth and flowers.                |
| Lechenaultia | formosa (red flower)           | O/Y | Red Lechenaultia       | Small shrub with red flowers in Sp. H0.3m x W0.3m. Full sun. Treat as annual but may survive a few years. Drained soils. A light prune promotes growth and flowers. Short-lived - best in pots. |
| Lechenaultia | formosa 'Eldorado'             | O/Y | Yellow Lechenaultia    | Small shrub with yellow flowers in Sp. H0.3m x W0.3m. Full sun. Treat as annual but may survive a few years. Drained soils. Best in pots. A light prune promotes growth and flowers.            |
| Leptospermum | 'Copper Glow'                  | R   |                        | Arching, small tree with coppery growth and white flowers in Sp.H & W 3m Sun/Pt-sh. Well drained soil. Drought and frost tolerant. Prune for hedging or windbreak.                              |
| Leptospermum | morrisonii 'White Opal'        | R   |                        | Spreading tree with pendulous branches with narrow bronze leaves and large white flowers in Sp. H3-5m x W3-4m. Sun/Pt-sh. Reliable in most soils. Good for hedging and screening.               |
| Leptospermum | petersonii                     | R   | Lemon-scented Tea-tree | Bushy shrub/small tree with lemon-scented leaves and white flowers in Sp. H4-6m x W3-4m. Grows larger with age. Sun/Pt-shade. Most soils. Withstands dry periods.                               |
| Leptospermum | 'Pink Cascade'                 | R   | Tea Tree               | Small shrub with pastel pink flowers in Sp-S. H.5-.8m X W 1-1.5m. Sun-Pt shade. Moist well drained soils. Attracts bees, birds and insects. Suits containers.                                   |
| Leptospermum | rotundifolium 'Lavender Queen' | R   | Round-leaf Tea-Tree    | Shrub, pale pink flowers with lavender tonings in Sp. H1-1.5m x W2m. Sun/Pt-sh. Most well drained soils. Suitable for coastal regions. Tip prune. Withstands dry periods.                       |
| Leptospermum | turbinatum                     | R   | Grampians Tea-tree     | Hardy, spreading shrub with large white flowers in Sp. H1.3-2.0 x W1.3-2.3m. Full sun/Pt-shade. Moist to well drained soils. Tolerates severe pruning. Frost and drought hardy.                 |
| Lomandra     | 'Lime Tuff'                    | B   | Mat Bush               | Evergreen perennial grass, with cream flowers in Spring. H&W 0.5-0.6m. Sun/light shade. All soils. Responds to hard cutback. Attracts bees, insects and lizards                                 |
| Lomandra     | longifolia                     | B   | Spiny-headed Mat Rush  | Hardy lomandra with light-scented cream flowers in spikes to 1m in Sp-early S. H0.5-1m X W0.8-1.2m. Sun/Pt/F-sh. All soils. Prune to ground level for new growth. Wild-life habitat.            |
| Macrozamia   | communis                       | P   | Burrawang              | Slow growing, ornamental cycad with 1-2m fern-like leaves. H&W1.5-2m. Seeds orange/bright red. Best in Pt-shade in well drained soils. Excellent container plant. Tolerates frosts.             |
| Melaleuca    | fulgens (apricot flower)       | R   | Scarlet Honey Myrtle   | Showy species with apricot flower brushes to 5cm long in Sp-S. H1.2-2.0m x W1.5-2.5m. Sunny position. Most well drained soils. Withstands dry periods. Attracts birds and insects.              |
| Melaleuca    | fulgens (hot-pink flower)      | R   | Scarlet Honey Myrtle   | Showy species with hot-pink flower brushes to 5cm long in Sp-S. H1.2-2.0m x W1.5-2.5m. Sunny position. Most well drained soils. Withstands dry periods. Attracts birds and insects.             |
| Melaleuca    | fulgens (purple flower)        | R   | Scarlett Honey Myrtle  | Showy species with purple flower brushes to 5cm long in Sp-S. H1.2-2.0m x W1.5-2.5m. Sunny position. Most well drained soils. Withstands dry periods. Attracts birds and insects.               |
| Melaleuca    | fulgens (red flower)           | R   | Scarlet Honey Myrtle   | Showy species with red flower brushes to 5cm long in Sp-S. H1.2-2.0m x W1.5-2.5m. Sunny position. Most well drained soils. Withstands dry periods. Attracts birds and insects.                  |

|               |                              |     |                          |   |
|---------------|------------------------------|-----|--------------------------|---|
| Melaleuca     | incana 'Nana'                | R   | Grey Honey Myrtle        | Small shrub with brush-like cream to pale-yellow flowers Sp-Sum. H1m x W1.5m. Sun/Pt-sh position in well drained soil. Pruning beneficial. Tolerant to dry periods. Attracts birds.                     |
| Melaleuca     | thymifolia 'Pink Lace'       | R   | Thyme Honey Myrtle       | Hardy shrub with soft, feathery pink flowers Sp-S. H0.6-1m x W1-1.2m. Sun/Pt-shade. Most well drained soils. Tolerates wet feet and dry periods. Prune lightly.   |
| Mentha        | australis                    | O/Y | River Mint               | Suckering, strongly aromatic, edible herb with white to purplish flowers in Sp-S-Aut. H30-60cm x W30-100cm. Can be invasive best grown in pots.   |
| Microleana    | stipoides                    | B   | Weeping Grass            | Tufted perennial grass. H20cm with 40cm spikelets Sp to Aut. Green all year F-sun/semi-sh. Tolerates acid soils, drought and frost. Prune in W for new growth. Attract seed-eating birds, caterpillars. |
| Microseris    | lanceolata                   | O/Y | Yam Daisy                | Perennial herb with bright yellow, daisy like flowers W-Sp and fleshy edible tubers when mature. Sun/Pt-sh. Well drained soil. Frost hardy. Does well in rockeries and containers.                      |
| Muehlenbeckia | axillaris                    | Y   | Matted Lignum            | Matted shrub/dense groundcover or low climber with insignificant, small greenish flowers Sp-S. H0.5-1m x W1.5-2m. F-sun. Drained, rocky soil. Responds to pruning. Suits rockeries.                     |
| Myoporum      | bateae                       | P   |                          | Hardy, quick-growing shrub with small pink to rosy pink flowers in Sp-S. H3m x W2-3m. Sun/Pt-shade. Most, moist sandy loam soils. Withstands dry periods. Tip-prune regularly.                          |
| Myoporum      | parvifolium (pink flower)    | O   | Creeping Boobialla       | Creeping, self-layering groundcover with small, pink flowers late W-Sp. H10-30cm x W1.5-3m. Sun/Pt-shade. Moist but well drained soils. Withstands dry periods.   |
| Myoporum      | parvifolium (white flower)   | O   | Creeping Boobialla       | Creeping, self-layering groundcover with small, white flowers late W-Sp. H10-30cm x W1.5-3m. Sun/Pt-shade. Moist but well drained soils. Withstands dry periods.  |
| Myoporum      | turbinatum                   | P   | Salt myoporum            | Erect shrub, many branched when young. Sticky branches, small white flowers Oct - Dec. H2.5-4.0m x W1.5-3.0m. Sunny position, sandy soil in salty area. Prune for bushiness.                            |
| Nematolepis   | squamea ssp retusa           | P   | Harsh Nematolepis        | Shrub with clusters of white, starry flowers in Sp. H2.0 m. Sun/Pt-shade. Most, moist, well drained soils. Tip-prune to create bushiness. Withstands frosts.  |
| Nematolepis   | wilsonii                     | P   | Shiny Nematolepis        | Shrub/small tree with white flowers late W/Sp. H3.0-10.0m x W1.5m-4m. Semi to dappled shade. Well drained soils. Endangered species. Last stand burnt at Marysville on Black Sat.                       |
| Olearia       | homolepis (mauve flowers)    | Y   |                          | Small shrub, mauve daisy-like flowers 2.5cm across in late W-Sp. H1m x W1m. Sun-Pt-sh. Warm position in well drained soils. Prune regularly to promote new growth and flowers.                          |
| Olearia       | lirata                       | P   | Snowy Daisy-bush         | Hardy, open shrub with large white daisy flowers in loose clusters in Sp. H1.5-2m x W1.2-1.8m. Shady position in most, moist, well drained soils. Benefits from pruning.                                |
| Ozothamnus    | diosmifolius 'Royal Flush'   | Y   | Rice Flower              | Upright shrub with clusters of pink buds to white flowers in late W-Sp. H1-2m x W0.6-1m. Sunny position. Light, well drained soils. Prune to maintain bushiness. Excellent cut flowers.                 |
| Ozothamnus    | 'Silver Jubilee'             | Y   | Rice flower/Sea Rosemary | Hardy shrub with pink buds and white flowers in Sp/S. H1-1.5m x W0.6m. Full Sun. Well drained soils. Prune to promote bushiness after flowering.  |
| Patersonia    | occidentalis (purple flower) | B   | Long Purple-flag         | Tuft forming plant with purple flowers late Sp-S. H30-50cm x W40-80cm. Sun/Pt-shade. Moist, most well drained soils. Will grow in wet situations and withstand dry periods.                             |
| Pelargonium   | rodneyanum                   | O   | Magenta Stork's Bill     | Groundcover with magenta flowers in Sp-S. H0.2-0.5m x W0.1-0.4m. Sun/Pt-sh. Moist but well-drained soils. Tubers can be divided in autumn.  |
| Petrophile    | diversifolia                 | P   |                          | Quick growing shrub with creamy-white flowers in Sp. developing to 3cm cones. H1-2.5m x W 0.5-1.5m. Sunny /semi-sh position. Pruning promotes bushiness. Best in acidic soils. Can be shortlived.       |

|              |                             |     |                          |  |
|--------------|-----------------------------|-----|--------------------------|--|
| Philotheca   | 'Flower Girl'               | Y   | Wax Flower               | Hardy shrub with aromatic leaves and a showy display of pink, starry flowers late W-Sp. H1-1.5 x W1.2-1.6m. Sun/Pt-sh. Moist but well drained soils. Withstands dry periods.               |
| Pimelea      | ferrugina Alba              | Y   | Rice Flower              | Hardy, shrub with small, shiny leaves and white flowers in early Sp/S. H1mx W0.8m. Sun/Pt-shade. Moist well drained soils. Benefits from pruning. Suitable to coastal gardens.             |
| Pimelea      | ferruginea 'Bonne Petite'   | Y   | Rice-flower              | Hardy, shrub with small, shiny leaves and deep, pink flowers in spring. H0.5-1mx W1-1.5m. Sun/Pt-sh. Moist well drained soils. Benefits from pruning. Suitable to coastal gardens.         |
| Pimelea      | ferruginea 'Magenta Mist'   | Y   | Rice-flower              | Hardy, shrub with small, shiny leaves and magenta-pink flowers in Sp/S. H0.5-1mx W1-1.5m. Sun/Pt-sh. Moist well drained soils. Benefits from pruning. Suitable to coastal gardens.         |
| Pimelea      | ferruginea 'Pink Solitaire' | Y   | Rice-flower              | Hardy, shrub with small, shiny leaves and pink flowers in early Sp/S. H1mx W0.8m. Sun/Pt-shade. Moist well drained soils. Benefits from pruning. Suitable to coastal gardens.              |
| Poa          | labillardieri               | B   | Large Tussock-grass      | Bluish-green tussock with soft green to purplish feathery spikelets in late Sp-S. H0.8-1m x W0.8-1.2m. F-sun/Pt-sh. Most well drained soils. Cut back in W. Withstands dry periods.        |
| Podocarpus   | lawrencii (prostrate form)  | O/Y | Mountain Plum Pine       | Slow-growing conifer, with small pinkish-red cones. H0.3-0.5 x W0.8-1.5m. Sun-Pt-sh. Moist, well-drained sandy-loam soils. Withstands frost and dry periods. Tip prune. Suits pots.        |
| Prostanthera | aspalathoides (red flower)  | Y   | Scarlet Mint Bush        | Small shrub with aromatic foliage and red tubular flowers in Sp-S. Sun/P-shade. H0.4-0.8m x W0.4-0.8m. Prune after flowering. Most, moist, well drained soils. Attracts birds.             |
| Prostanthera | lasianthos                  | P   | Victorian Christmas Bush | Large, upright shrub with aromatic foliage and white flowers with purple markings in Sum. H3-5m xW2-3m. Full/Pt-sh. Most, moist, well drained soils. Tip prune when young.                 |
| Prostanthera | lasianthos 'Badja Peak'     | P   | Mint Bush                | Compact shrub with sprays of white to pink-mauve flowers in Sp-Sum. H2.0m x W2.0m. Dappled shady position in light clay or sandy soils. Protect from wind. Suitable as screen plant.       |
| Prostanthera | linearis                    | P   | Narrow-leaved Mint-bush  | Aromatic, rounded shrub with white or mauve flowers in Sp. H1.5-2.5m x W1-1.5m. Pt-sun - prefers shade on the hottest part of the day. Moist but well-drained soils.                       |
| Prostanthera | magnifica                   | Y   |                          | Challenging, eye-catching shrub with pale mauve-bluish flowers in Sp. H&W0.7- 1m. Sunny position in moist, well drained sandy/loam soils. Prune after flowering. Best in container.        |
| Prostanthera | ovalifolia                  | P   | Mint-bush                | Large shrub with profuse, purple flowers mainly in Sp. H2-3m x W1-3m. Filtered sun. Most, moist but well drained soils. Benefits from light pruning after flowering.                       |
| Prostanthera | 'Poorinda Ballerina'        | Y   |                          | Shrub with massed display of whitish flowers in Sp. H1.3-2m x W1.3-1.7m. Full/Part sun. Most, moist but well drained soils. Withstands dry periods. Tip prune beneficial.                  |
| Prostanthera | porcata                     | Y   |                          | Medium shrub with tubular pink flowers in spring. H1-1.5m x W1m. Full or filtered sun and most moist but well drained soils. Tip prune when young and after flowering.                     |
| Pultenaea    | villosa                     | P   | Hairy-brush Pea          | H2m x W2.5m. Yellow pea-flowers in spring.   |
| Pycnosorus   | chrysanthes                 | O/Y | Golden Billy Buttons     | Tufting plant with upright, bright yellow, globular flower heads in Sp-S, H&W 30cm. Sun/Pt-shade. Most, moist but well drained soils. Withstands dry periods.                              |
| Rhodanthe    | anthemoides 'Paper Baby'    | O/Y | Chamomile Sunray         | Semi-hardy groundcover with burgundy buds turning to white paper daisy flowers. H20-30cm x W60cm. Sun/Pt-shade. Well drained sandy or loam soils. Light prune after flowering.             |
| Rytidosperma | geniculatum                 | B   | Kneed Wallaby-grass      | Slender, erect grass to 20cm with feathery, pale-yellow seed stems to 30cm in Sp-S. Full/Pt-sun. Moist sandy/loam preferred. Withstands dry periods. Attracts birds.                       |
| Rytodisperma | penicillatum                | B   | Slender Wallaby Grass    | Sparsely tufted, weeping grass. H30cm with 60cm stems in Sp. Sun/semi-shade in well drained soils. Frost tolerant. Prune back hard in W to promote new growth. Attracts seed-eating birds. |

|             |                          |     |                        |  |
|-------------|--------------------------|-----|------------------------|--|
| Scaevola    | albida (pink flower)     | O/Y | Small-fruit Fan-flower | Spreading, clumping groundcover with pink fan-shaped flowers in Sp-S. H20-40cm x W0.5-1m. Sun/Pt-shade. Moist but well drained sandy/loam soils. Withstands dry periods.               |
| Scaevola    | albida (white flower)    | O/Y | Small Fruit Fan Flower | Clumping groundcover H20cm x W1m. Attractive white fan flowers in Sp-S. Semi hardy. Sun or part shade. Sandy loam.   |
| Scaevola    | albida 'Mauve Dome'      | O/Y | Fan-flower             | Spreading, mound-forming groundcover with a profusion of mauve fan-flowers in Sp-S-Aut. H30cm x W50cm. Sun/Pt-shade. Moist but well drained sandy/loam soil. Withstands dry periods.   |
| Scaevola    | albida 'Misty Blue'      | O   |                        | Groundcover. Blue fan flowers in Sp-S. Semi hardy. Sun or Pt Shade. Sandy or loam soils. H15cm x W1.5m.  |
| Scaevola    | calendulacea             | O   | Dune Fan-flower        | Dwarf, spreading shrub with bright blue flowers 3cm across for most of the year. H0.5m x W0.8-1.5m. Sun/Pt-shade. Suitable for coastal position. Cut-flower.                           |
| Scaevola    | hookeri                  | O   | Alpine Fan-flower      | Mat-forming plant with white flowers with yellow throats in Sp. Sun/Pt-sh. Prostrate x W1m. Moist, well drained loam soils. Suitable for rockeries, borders and hanging baskets.       |
| Scaevola    | porocorya                | Y   |                        | Dwarf to small, spreading to ascending plant with white, pale blue to mid blue flowers, July to Nov. H 0.5-1.5m x W0.6-2.0m. Sunny position. Pruning required to promote bushiness     |
| Schoenia    | filifolia ssp            | Y   |                        | Annual with 50cm high yellow daisies Sept - Oct  |
| Spyridium   | parvifolium              | Y   | Dusty Miller           | Shrub with clusters of small, whitish flowers W-Sp. H1.5-2.5 x W1.2-1.8m. Full-sh/Pt-shade. Most, moist, well drained soils. Withstands dry periods. Benefits from pruning.            |
| Spyridium   | scortechinii             | Y   | Cotton Bush            | Shrub with whitish flowers Aut-Sp. Maturing flowerheads are most attractive. H0.5-1.5m x W0.3-0.6m. Sun/Pt-sh. Most drained soils. Suitable as cut flower. Pruning beneficial.         |
| Tetradlea   | thymifolia               | O/Y | Black-eyed Susan       | Plant with a showy display of purplish-pink flowers W-Sp-S. H0.4-1m x W0.6-1m. Filtered sun. Moist, well-drained sandy/loam soils. Withstands dry periods. Suckers slightly.           |
| Themeda     | triandra                 | B   | Kangaroo Grass         | Attractive tussock-forming grass with brownish spikelets on stems to 1m tall. H40-60cm x W50cm-70cm. Sun/Pt-sh. Most well-drained soils. Tolerates drought. Cut back early spring.     |
| Thomasia    | foliosa                  | Y   |                        | Small, spreading shrub with small, pale pinkish flowers in Sp. H0.6-0.8m x W1.2-1.8m. Full-sh/Pt-shade in moist, well drained soils. Withstands dry periods. Trim beneficial.          |
| Thomasia    | petalocalyx              | Y   | Paper-flower           | Hairy-foliaged shrub with pale mauve-pink flowers in short sprays in Sp-S. H0.3-0.5m x W0.8-1.5m. Sun/Pt-sh. Drained sandy/loam soils. Withstands dry periods. Pruning beneficial.     |
| Thomasia    | purpurea (minature)      | Y   | Purple Paper Flower    | Small shrub with soft purple bells in spring. H0.15-0.2m x W0.2-0.3m. Sandy/Light clay soils. Sun. Prune after flowering to keep compact shape. Frost hardy. Attracts bees and insects |
| Thryptomene | saxicola 'F.C. Payne'    | Y   | Rock Thryptomene       | Arching shrub with profuse, small, pink flowers in W-Sp. H&W1-1.5m. Sun/Pt-sh. Moist, well drained soils. Withstands dry periods. Trim beneficial. Excellent cut flower.               |
| Thryptomene | saxicola 'Pink Lace'     | O/Y | Rock Thryptomene       | Arching shrub with profuse, small, pink flowers in W-Sp. H0.4-0.8 x W1-1.5m. Sun/Pt-sh. Moist, well drained soils. Withstands dry periods. Trim beneficial. Excellent cut flower.      |
| Veronica    | nivea                    | O/Y | Snow Speedwell         | Dwarf shrub with pale lilac or whitish-blue flowers in Sp-S. H0.2-0.4m x W0.3-0.6m. Sun/Dappled shade. Well drained soils. Tip prune regularly. Tolerates frost/snowfalls.             |
| Veronica    | perfoliata               | Y   | Diggers Speedwell      | Plant with grey leaves; sprays of small, blue flowers at end of stems in Sp. H&W50cm-1m. Sun/pt-sh. Moist, well drained soils. Withstands dry periods. Prune hard after flowering.     |
